Cybersecurity

SD WAN

We will...

Collaborate

to understand your IT infrastructure requirements and social impact goals

... & Embed Philanthropy

with custom solutions matched specifically to your ESG goals and commitments

Take Our

Symbiotic Impact Challenge

Where we'll help you find the best possible value for your organization's IT infrastructure needs and social impact goals.

Symbiotic Commitment

If we can't meet-or-beat your requirements with a competitive solution, we'll plant up to 100,000 trees* in your organization's name.

up to **100,000 Trees** planted in your organization's name

Terms and Conditions

*Up to 100,000 trees = \$25,000 with our named partner "Trees for the Future" <https://trees.org/> (valued at 25 cents USD per tree plant) or any NGO tree planting organization of your choosing. (ex: <https://onetreepanted.org> is \$1 per tree.)

The monthly recurring cost (MRC) of business opportunity presented will determine the tree planting contest value.

For Example – ABC company has a VoIP business quote to enter with a MRC of \$7500. If Symbiotic is not able to meet or beat ABC company's requirements – i.e., we lose the challenge – Symbiotic will plant 7500 trees with Trees for the Future or 1875 trees with One Tree Planted on ABC company's behalf.

Symbiotic will honor up to the 1st \$100,000 of business opportunities registered for challenge and give prospective customer the final determination if we fail to 'meet or beat'.

And...
